Article XIV Golf Course Etiquette

Persons using the golf course should do their part to make a round of golf a pleasant experience for everyone at the Club. Here are some suggestions:-

(a) Do not waste time. Anticipate the club or clubs you may need and go directly to your ball. Always be near your ball to play promptly when it is your turn. If a player is delayed in making his shot, it would be courteous for the player to indicate to another player to play which should not be deemed playing out of turn.

(b) The time required to "hole out" on and around the green is a chief cause of slow play. Study and clear the line of your putt while others are doing the same. Be ready to putt when it is your turn.

(c) Be sociable but reserve your extended conversation for the 19th hole

(d) When approaching a green, place your clubs on the best direct line to the next tee. This can save significant time. Never leave your clubs in front of the green where you will have to go back and get them while the following players wait for you to get out of the way as this can cause delay.

(e) Carefully rake bunkers after use.

(f) When play of a hole is completed, leave the green promptly and proceed to the next tee without delay. Do the scoring for the completed hole while the others in your group are playing from the next tee.

(g) If you are not holding your place on the course, please allow the players behind to play through. Do the same if you stop to search for a lost ball. A good point of etiquette is to 'keep up with the group ahead (without pushing), not ahead of the group behind'

(h) The club embraces the concept of ready golf, all groups should play ready golf.
